OUR AIM is to render a service that will be satisfactory to our customers. We realize that difficulties will sometimes occur, despite our efforts to avoid them, and request that they be reported as indicated below.

If, after any matter has been so reported, an unsatisfactory condition continues, please call the Manager for your Central Office, whose name and telephone number are shown on page 2.

FIRE! **POLICE!** **AMBULANCE!**

DIAL or CALL the OPERATOR and SAY:

"I want to report a fire" **"I want a policeman"** **"I want an ambulance"**

If you have to leave the telephone before the desired station answers, tell the operator where help is required.

In An Emergency: To call the operator from a dial telephone, place your finger in the opening in the dial for the word "OPERATOR," which is the opening directly below the finger stop, pull the dial around until you strike the finger stop, and then remove your finger from the opening, thus releasing the dial.

SUMMER 1934

TO TRANSACT BUSINESS BY TELEPHONE WITH THE COMPANY

To make arrangements for or to obtain information concerning new telephone service, dial 811 or ask the operator for the "Business Office."

To make it more convenient for you to transact business with the company, your telephone account is assigned to a particular representative in the Business Office whose responsibility it is to handle all matters relating to your telephone service such as changes in location, information regarding bills, directories, etc.

To reach your representative dial 811 or ask the operator for the "Business Office." When the Business Office operator answers, give her your telephone number and ask for the representative handling your account, as for example: "This is Main 4-9970. Please let me have my representative."

If you are not calling from a telephone within your own district, ask the operator for the Business Office telephone number associated with your central office as listed below.

If, after any matter has been taken up through the usual channels as indicated on page 1, an unsatisfactory condition continues, please dial or call the operator, give her the Business Office telephone number for your central office, as listed below and ask for the Manager.

These offices are open from 9:00 A. M. to 5:00 P. M. except Saturday when they close at noon. During nights, Sundays and holidays, requests for the immediate restoration of service, or for other similar matters, because of emergent conditions, may be made by dialing or calling EXchange 6-5100 and asking for the Manager.

311 Roebling Street, near Broadway
20 Snyder Avenue, near Flatbush Avenue
4602-13th Avenue, cor. 46th Street
95 Willoughby Street, cor. Bridge Street

HOW TO USE THE DIAL TELEPHONE

Listening for Dial Tone

On all calls, remove the receiver from the hook and listen for dial tone before starting to dial. Dial tone is a steady humming sound in the receiver indicating that the line is ready for you to dial.

Calls to Central Offices Which You Should Dial Direct

(Consult Pages 9 and 10 to determine which central offices you should dial direct.)

When you hear dial tone, keep the receiver off the hook and dial the first two letters of the central office name, then the office numeral, and then each figure of the line number. For example, if dialing MA in 4-9970:

(1) Place your finger in the opening in the dial for the letter M.

(2) Pull the dial around until you strike the finger stop.

(3) Remove your finger from the opening, and without touching the dial, allow it to return to its normal position.

(4) Proceed in the same way to dial the letter A and the figures 4-9-9-7 and 0 (in red).

If the number called has a party line letter, dial the number in the same way, followed by the letter at the end of the number.

If you make a mistake while dialing, hang up the receiver at once, wait a few seconds, and make another attempt.

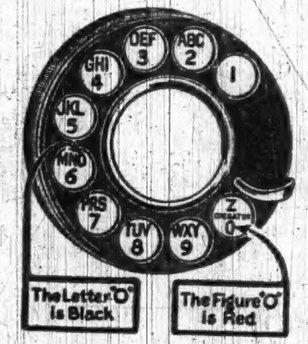
Before starting to dial a second call, always hang up your receiver for a few seconds.

Signals for Which to Listen

Within a few seconds after you have completed dialing, you should hear either the ringing signal, an intermittent burr-ring sound, or the busy signal, a rapid buzz-buzz-buzz.

If you hear an interrupted buzzing sound, as buzz-buzz—buzz-buzz, it indicates that you have dialed the central office designation incorrectly. Hang up the receiver, wait a few seconds, and make another attempt, being careful to dial the central office designation correctly.

If you do not hear any signal within half a minute, hang up the receiver, wait a few seconds and make another attempt.



Uncompleted Calls

When, for any reason, you do not obtain a connection (for example, the called line is busy or does not answer), you will get quicker service if you hang up the receiver and try the call again yourself at intervals instead of immediately calling the operator for assistance. No charge is made unless you obtain an answer from a subscriber's telephone.

Obtaining Assistance from the Operator

In an emergency, or if you have trouble in dialing, or have occasion to report cases of service irregularities, you can reach the operator by placing your finger in the opening in the dial for the word "OPERATOR," pulling the dial around until you strike the finger stop, and then removing your finger from the opening, allowing the dial to return to its normal position. This opening can be easily found, even in the dark, since it is directly below the finger stop.

After connection has been established with the operator, you may recall her by moving your receiver hook up and down slowly. This can be done only when you are connected with the operator; on other calls, moving the receiver hook will break the connection.

Calls from a Party Line or from a Line With an Extension Telephone

Always make sure that the line is not in use. If you do not hear the dial tone, inquire if the line is being held by some other person. If no response is received, hang up the receiver for a few seconds and make another attempt.

Listen on the line while dialing, and if you hear another party come in on the line or hear successive clicks in the receiver, it indicates that someone else on your line is trying to call. Inform him that the line is in use and request him to hang up his receiver. When he does so, hang up your own receiver for a few seconds, and then remove it and dial the complete number again.

To call another party on your line, dial the operator, give her the number you wish to call, state that it is the number of another party on your line, and give her your number.

To call an extension telephone on your line, dial the operator, give her your number and ask her to ring the extension telephone.

Calls to Central Offices Which You Cannot Dial Direct

To place calls by number to central offices within New York City which you cannot dial direct, dial the operator and give her the number.

Directions for placing out-of-town calls are given on Page 4.

Dial Coin Telephones

The operation of dial coin telephones is quite similar to that described above. The main difference is that it is necessary to deposit a coin in order to obtain dial tone (indicating that the line is ready for you to dial). Your coin will be returned after you hang up the receiver, unless you obtain an answer from a subscriber's telephone.

SUMMER 1934

CALLS TO OUT-OF-TOWN POINTS, TO FOREIGN COUNTRIES, AND TO SHIPS AT SEA

To Out-of-Town Points

Station-to-Station Calls

Station-to-station calls are those on which you ask the operator for the desired telephone only, and not for a particular person nor for a particular private branch exchange extension station. These calls are handled more rapidly and at lower rates than person-to-person calls. Reduced rates are generally in effect during evening and night periods. A charge is made if anyone at the called station answers.

TO MAKE A STATION-TO-STATION CALL, DIAL 0 OR CALL THE OPERATOR AND GIVE HER THE NAME OF THE CITY AND TELEPHONE NUMBER YOU WISH TO REACH.

If you do not know the number, dial 411 or call Information. Make a note of telephone numbers for future reference.

Person-to-Person Calls

Person-to-person calls are those on which you ask the operator to call a particular person to the telephone or to reach a particular private branch exchange extension station. The rates are somewhat higher than station-to-station rates, but no charge other than a report charge is made, unless the desired person or extension station is reached. There is no reduction in rates during evening and night periods.

TO MAKE A PERSON-TO-PERSON CALL, DIAL 211 OR CALL LONG DISTANCE AND GIVE THE DETAILS OF THE CALL TO THE LONG DISTANCE OPERATOR.

Faster service will be obtained if you give the telephone number. Make a note of telephone numbers for future reference.

To Foreign Countries

From your telephone you may call practically all important cities of Europe, and many points in Africa, Asia, Australia, Central and South America, and Bermuda, Cuba, and several other island groups. Rates to certain overseas points are shown on Page 7.

The points reached by this service may be ascertained, other information may be obtained or calls may be placed, by dialing 211 or calling Long Distance.

To Ships at Sea

Calls may be made to and from certain ships while at sea and within calling range. The rate for an initial period of three minutes is $9.00 or $18.00 depending upon the location of the ship with which connection is made.

The ships reached by this service may be ascertained, other information may be obtained or calls may be placed, by dialing 211 or calling Long Distance.

Collect Calls (Charges Reversed)

Upon request of the calling party and with the consent of the party answering the call, the charges on any out-of-town call may be billed to the called station. No additional charge is made for this service except that a somewhat higher rate applies on station-to-station calls where the rate is 20c or less.

The time at the calling station governs the application of day, evening and night rates on collect calls.

A report charge will apply if the call is not completed because the called party refuses to accept the charges.

The reversal of charges is not permitted on calls to ships at sea nor on calls to foreign countries except Canada and Cuba.

Federal Tax

No tax applies to conversations for which the charge is less than 50c. The maximum tax on any conversation is 20c. Where the charge is 50c or more, but less than $1.00, the tax is 10c. Where the charge is $1.00 or more, but less than $2.00, the tax is 15c. Where the charge is $2.00 or more, the tax is 20c.

DIRECTORIES

We earnestly desire to have telephone number information available for your use in the form most satisfactory from your viewpoint. We aim to accomplish this through the provision of attractive booklets for listing telephone numbers, through the distribution of borough telephone directories, and by means of Information service. We wish, however, to avoid furnishing more telephone directories than are needed as this not only results in inconvenience to our customers but is wasteful as well.

The maximum of convenience is secured through the maintenance of up-to-date personal lists of telephone numbers which you have occasion to call. Under this plan, the lists can be kept immediately at hand and the majority of desired telephone numbers can be ascertained with the least difficulty.

In order to meet your requirements, we shall be glad to furnish you with attractive booklets for use in preparing personal lists of telephone numbers or with any borough directory you may require upon application to any of our Business Offices listed on page 2.

Every effort is made to make the directory as accurate as possible. Sometimes, however, despite this care and attention, errors occur. Please check your listing and if it is incorrect, call the Business Office promptly.

The Company assumes no liability for damages arising from errors or omissions in the making up or printing of its directories, except in the case of charge listings in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues.

HOW TO USE THE DIRECTORY

Arrangement of Listings

A telephone directory listing is alphabetized in accordance with the sequence of the letters in each part of the listing, considering each word with the next word as to every letter it contains. The parts of the listings are considered in the following order:

1. Surname (or proper name)
2. First given name or initial (or equivalent of either)
3. Second given name or initial (and other given name, if any)
4. Title (if any)
5. Designation (if any)
6. Street name (or equivalent)
7. Building number

Abbreviations

Such abbreviations as Chas., Co., Geo., Jas., St. (Saint), Wm., etc., are placed in the same alphabetical sequence as though spelled out in full.

Apostrophe, Hyphen and Ampersand

Apostrophes, hyphens and ampersands (&) are disregarded in alphabetizing and names containing these symbols are listed as though the symbols were not shown.

Names With Prefixes

Names beginning with "M," "Mac," or "Mc," or with prefixes, such as D', De, Fitz, L', O', St. (Saint), etc., are treated as one word without regard to capitalization or apostrophe.

Single Letters Used as Names

Single letters used as names are treated as words and appear in the directory at the beginning of letters.

Same Names Spelled as Two or More Words

Names which are known to be locally spelled as both one or more words are treated as one word in determining the precedence of listings. In such cases a cross reference is placed where the listings would appear if treated as two words.

CLASSIFIED TELEPHONE DIRECTORY

The Classified Telephone Directory contains the name of every business subscriber listed under a classified heading which is descriptive of his business. This directory serves as a buyer's guide and also as a telephone number finding list.

If you wish to purchase an article or service, look for the heading descriptive of the article or service you have in mind and select the firm you want to deal with from the associated listings and advertisements. If you are looking for the telephone number of a person or firm and you know the profession or business, you can find it easily in the Classified Telephone Directory, under the heading descriptive of the profession or business. You will find an index of classified headings at the front of the Classified Directory.

SUMMER 1934

SPECIAL SERVICES

Time of Day Information

The correct time may be obtained by dialing or calling ME ridian 7-1212. This information is available at any time of the day or night and is provided as an accommodation at a small charge as follows:

When the call is made from a message rate telephone the charge is one local message.

When the call is made from a flat rate telephone, or from a coin or public telephone, the charge is five cents.

Overtime Charges

Although it is not the Company's general practice to time all calls from message rate telephones on which the initial period charge is one local message, overtime charges will be applied wherever such calls are found materially to exceed five minutes in duration.

Free Calls

Calls from any telephone in New York City may be made to any department of the Telephone Company in the City and Suburban area without charge, excepting calls to the Time of Day Information Department, ME ridian 7-1212.

On all free calls made from coin telephones, the coin deposited in order to make the call will be returned.

Displaying Telephone Numbers

If you display your telephone number on stationery, vehicles, or in other ways, it is important that it be kept currently correct. Changes may become necessary from time to time, and failure to make corrections may affect your service as well as the service of those who desire to call you.

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a metal badge showing the Company's name and his own number. Subscribers are earnestly requested to refuse access to their premises to anyone who cannot in this way identify himself.

Attachments

The Company's tariff provides that no apparatus or appliance not furnished by the Company shall be attached to or used in connection with its facilities. Telephone instruments are designed to produce the best results. Many of the unauthorized devices offered for sale, which are claimed to improve the service, get the telephone lines and instruments out of order and, to protect its service, the Company will be compelled to remove any such device. Where ordinary apparatus does not adequately meet a particular set of conditions, special equipment will be furnished by the Company at reasonable rates.

Teletypewriter Service

Typing by wire is offered for any number of minutes and to any city in the United States. Subscribers to this service can typewrite by wire instantly to each other at any time. The service provides two-way communication with a speed of connection comparable with telephone service. One or more copies may be produced simultaneously by both sending and receiving machines and the material may be recorded on forms if desired. Teletypewriters can be operated by anyone who can operate a typewriter. For further information dial 811 or ask the operator for the "Business Office."

GENERAL INFORMATION

Telephone directories containing the listings of subscribers within a specified area issued from time to time by the Company are and remain the property of the Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No foreign or privately owned binder, holder, or auxiliary cover bearing advertisements shall be used in connection with any telephone directory furnished by the Company.

Injuring Telephone Property

A person who wilfully or maliciously displaces, removes, injures, or destroys a line of telegraph or telephone, wire or cable, pier or abutment, or the material or property belonging thereto, without lawful authority, or who shall unlawfully and wilfully cut, break, tap, or make connection with any telegraph or telephone line, wire, cable or instrument, or read or copy in any unauthorized manner any message, communication or report passing over it, in this state; or who shall wilfully prevent, obstruct or delay, by any means or contrivance whatsoever the sending, transmission, conveyance or delivery, in this state of any authorized message, communication or report by or through any telegraph or telephone line, wire or cable, under the control of any telegraph or telephone company doing business in this state; or who shall aid, agree with, employ or conspire with any person or persons to unlawfully do, or permit or cause to be done, any of the acts hereinbefore mentioned, or who shall occupy, use a line, or shall knowingly permit another to occupy, use a line, a room, table, establishment or apparatus to unlawfully do or cause to be done any of the acts hereinbefore mentioned, * * * is punishable by imprisonment for not more than two years. —Extract from Section 1423 of the Penal Law.

Telegrams by Telephone

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph-Cable Company or the Western Union Telegraph Company. The telegraph charges will appear on your monthly telephone bill.

You may also telephone your telegrams from public and semi-public coin telephones and deposit the charges for such messages in the coin telephone.

When calling either of these telegraph companies follow the instructions shown under its listing in this directory.

Privacy of Telephone Service

A person who wrongfully obtains, or attempts to obtain, any knowledge of a telegraphic or telephonic message by connivance with a clerk, operator, messenger or other employee of a telegraph or telephone company, or being such clerk, operator, messenger or other employee, wilfully divulges to anyone but the persons for whom it was intended, the contents or the nature thereof of a telegraphic or telephonic message or dispatch intrusted to him for the transmission or delivery, or of which contents he may in any manner become possessed, * * * is punishable by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or by both such fine and imprisonment.

Extract from Section 552 of the Penal Law, Chapter 40 of the Consolidated Laws.

Obstructing Coin Telephones

It is provided by the Penal Law as amended March 24, 1933, that any person who shall prevent or contrive to prevent the return of coins to the users of coin telephones, or cause such coins to be unlawfully returned, or who shall by any device or means interfere with the action or operation of such coin telephones, shall be guilty of a misdemeanor. (Penal Law, Section 1432-a.)

RATES FROM BROOKLYN TO CERTAIN OUT-OF-TOWN POINTS

Rates shown apply from all Brooklyn Telephones and are for a three minutes' initial period (subject to change without notice).
Note: A Federal Tax applies where the toll charge is 50c or more. For further information, consult page 4.

TO OVERSEAS POINTS

The following are rates for an initial period of three minutes (person-to-person basis) to representative points:

Amsterdam	$31.50	Java	$45.00
Berlin	33.00	London	30.00
Bermuda	15.00	Madrid	33.50
Berne	33.00	Paris	31.50
Brussels	31.50	Rome	34.50
Budapest	34.50	Stockholm	34.50
Buenos Aires	30.00	Sydney	45.00
Cape Town	45.00	Vienna	33.00
Copenhagen	33.00	Warsaw	34.50
Honolulu	30.00		

*Evening and night reduced rates do not apply between May 25th and September 10th inclusive.

The map on the front cover may be used to determine approximate rates.
Rates to Long Distance points not quoted above and rates for additional minutes of conversation may be obtained by dialing 211 or calling Long Distance.

SUMMER 1934

DAY RATES FOR STATION-TO-STATION CALLS FROM BROOKLYN TO SUBURBAN POINTS

(Subject to Change Without Notice)

Rates are for 3 minutes initial period of conversation, except where the rate is 25c or less, in which case it is for an initial period of 5 minutes. For rates for additional minutes of conversation dial or call the operator. Rates for evening and night calls and person-to-person service are shown at the bottom of page 10.

NOTE: A federal tax applies on calls for which the total charge is 56c or more. For further information see page 4.

HOW TO DETERMINE THE CHARGE FOR CALLS BETWEEN POINTS WITHIN NEW YORK CITY

(All charges shown are subject to change without notice.)

If you are calling from the Bronx, Manhattan, Queens or Richmond (Staten Island), consult the Directory for that Borough.

1st **Find out in what zones the telephone from which you are calling and the telephone which you desire to call are located by consulting Table C on page 10.**
2nd **Determine the charge which will apply by consulting the tables below, Table A for message rate subscribers and Table B for flat rate subscribers and coin telephone users.**

NOTE: You should dial direct on the following types of calls: Calls from flat rate telephones in Applegate 7, Coney Island 8, Esplanade 2, Fiscott 9, Glenmore 5, Mansfield 6, Mayflower 9, and Shore Road 5 to points within the local service area; calls from all other flat rate telephones to any point in New York City; calls from message rate telephones in Skidmore 4 to any point in New York City; calls from all other message rate telephones on which the charge is one message unit; and calls from coin telephones on which the rate is 5c.

On all other calls made from dial telephones to central offices in New York City dial the operator and give her the number.

TABLE A—Message Rate Telephones

CALLS FROM ZONE	TO ZONE	ARE CHARGED AS
6	1, 2, 3, 4, 6, 7, 8, 9, 10, 11, 12, 13	1 local message
	5, 14, 15	2 local messages
7	1, 6, 7, 8, 10, 12, 13	1 local message
	2, 3, 4, 9, 11, 14, 15	2 local messages
	5	3 local messages

All charges shown above are for the initial five minutes of conversation. The charges for conversations of greater length are as follows:

INITIAL PERIOD CHARGE	OVERTIME CHARGE
2 local messages	1 local message for each additional 3 minutes or fraction thereof.
3 local messages	1 local message for each additional 2 minutes or fraction thereof.

TABLE B—Flat Rate, Coin Telephones and Non-Coin Public Telephones

Note—Calls from flat rate telephones to points outside their local calling areas are charged for at the rate of 5c for each New York City inter-zone message unit indicated in the table below:

CALLS FROM	TO	FROM FLAT RATE TELEPHONES ARE CHARGED AS	FROM COIN TELEPHONES AND NON-COIN PUBLIC TELEPHONES ARE CHARGED AS
Zone 6. Applegate 6, Applegate 7	Zones 6, 7, and Cleveland 3, Hinkley 8, Michigan 2, Richmond Hill 2, Virginia 3 and Virginia 7 in Zone 10	Local	5c
	Zones 1, 2, 8 and Boulevard 8, Jamaica 9, Jamaica 9, Republic 9, Lunenburg 8 and Vigilant 4 in Zone 10	1 message unit	5c
	Zones 3, 4, 5, 9, 11, 12, 13, 14, 15	2 message units	10c
Zone 6. Remainder	Zones 6, 7	Local	5c
	Zones 1, 2, 8, 10	1 message unit	5c
	Zones 3, 4, 5, 9, 11, 12, 13, 14, 15	2 message units	10c
Zone 7. All Offices	Zones 6, 7	Local	5c
	Zones 10, 13	1 message unit	5c
	Zones 1, 2, 3, 4, 8, 9, 11, 12, 14, 15	2 message units	10c
	Zone 5	3 message units	15c

All charges shown above are for the initial five minutes of conversation. The charges for conversations of greater length are as follows:

INITIAL PERIOD CHARGE	OVERTIME CHARGES
Flat Rate Telephones	
1 Message Unit	1 message unit for each additional 6 minutes or fraction thereof
2 Message Units	1 message unit for each additional 3 minutes or fraction thereof
3 Message Units	1 message unit for each additional 2 minutes or fraction thereof
Coin Telephones and Non-Coin Public Telephones	
5c	5c for each additional 5 minutes or fraction thereof
10c	5c for each additional 3 minutes or fraction thereof
15c	5c for each additional 2 minutes or fraction thereof

* The time at the office, prior to the application of evening and night rates. Reduced rates do not apply on calls to ships at sea or to foreign countries except Canada. Between May 23 and October 10 inclusive, they do not apply on calls to certain seaside resorts in New York State. See table on page 74.

† On messenger calls, the cost of the messenger is added to the charge for the call.

In cases not covered by the above table, evening and night rates can be obtained from the operator and person-to-person rates, etc., can be obtained from Long Distance.

Station-to-station rates of 25c or less are for a five minute initial period. All other station-to-station rates and all person-to-person rates are for a three minute initial period.

Away From Home?

Traveling is easier when you call up home every night. Talking with those left behind eliminates worry and prevents homesickness. It's inexpensive, too—particularly after 7 p. m.

THE TELEPHONE CAN HELP YOU EVERY DAY

In Emergencies It's Priceless!

Every day the telephone proves its usefulness. It is more than a mere convenience. It gives a sense of security and protection in the home. It brings friends, news, and pleasure. Women, particularly, enjoy a telephone. With it they can visit friends and relatives. Neighbors can invite each other for a pleasant afternoon or evening—a friendly game.

In emergencies the swift telephone is priceless. Nothing can bring aid faster than the telephone.

A telephone will run your errands every day. You will appreciate this, particularly in bad weather, while you sit cosily at home and avoid exposure and possible illness.

Why not call at the Telephone Business Office and find out how little it will cost to have a telephone in your home?

Do you still rely on messenger service?

TO COMPANIES located in New York City . . . with factories or warehouses in outlying districts . . . the need for swift, written inter-office communication is vital. Speed and accuracy are all important. Yet messenger service, and similar inadequate methods are slow . . . and often unreliable.

For such companies, the Telephone Typewriter provides a worth while service. One of these machines in your New York City office may be connected by means of telephone circuits to others in your warehouses and branch offices in the suburbs or nearby towns, or even in distant places. Typewritten messages can be sent back and forth with the speed of the telephone, and with the added advantage of the permanent written record. Orders, credit reports, specifications, and information of all kinds . . . there are any number of ways in which the Telephone Typewriter installation will prove its value in your organization.

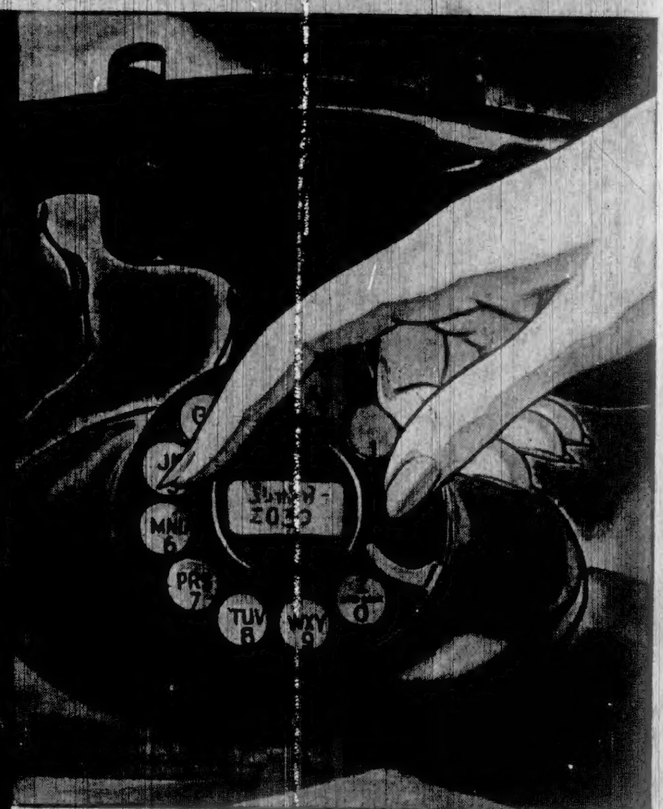
PUT YOUR FINGER ON THE BARGAINS

GET THERE MORE QUICKLY
GET THERE MORE COMFORTABLY
JUST SIT AT HOME AND . .



. . . shop by Telephone

By shopping in this convenient way, countless women are saving time and avoiding tiring trips. Most stores have well-trained sales people to handle orders by telephone, and to serve you as courteously and efficiently as though you were in the store in person.

Enjoy the pleasant experience of ordering from the comfort of *home*. Just reach for your telephone.
